

IET Master Instructor classes are open to any IET student who has completed the IET Basic, Intermediate, and Advanced levels by the time of the class. You don't have to have been using your previously acquired IET skills in order to take this class. In fact, many students who take this class have little or no practice yet in using their IET skills with others.

The IET Master Instructor class will greatly empower your ability to Envision, Embrace, and Enact the Energetic Potential of your vision and dreams and bring them alive in the world. By focusing on optimizing your 12 Strand DNA, this class will open your energetic pathways to manifestation and support you in living the life that you are destined to live. This class offers you an opportunity to be in vibrational alignment with your dreams and desires. In addition to being a wonderfully supportive weekend focused on helping you live your vision in the world, the techniques you will learn in this class will enable you to help family, friends, and clients live their visions as well.

## ABOUT THE MASTER CLASS

"Master" refer to the mastery of the IET energy that you will receive in this class, which, results in the full expansion of the IET energy ray and brings an even stronger level of IET energy through to the practitioner during self-treatment, absentee, and client sessions. Instructor refers to your ability to teach classes (including attuning others to the IET rays).

## CLAIMING AND LIVING YOUR REACH

Beyond your vision for yourself in the world is the angels' even greater and grander vision for you in the world, something we call your reach. You will begin by identifying and claiming your "reach".

## IET SACRED GEOMETRY

You will then receive The IET Master Instructor attunement and learn and use the IET Master Instructor 12 Strand DNA techniques designed to open your channels of manifestation and clear your resistance to manifesting your reach and bringing your dreams alive in the world. You will learn to use sacred geometry to harness the IET rays for the 12 Strand alignment technique, the IET power burst technique, the I-Chi technique, the Karma Clearing technique, and more.

## IET ATTUNEMENTS AND TEACHING OTHERS HOW TO HEAL THEIR LIVES

You will learn how to use sacred geometry to give Basic, Intermediate, and Advanced level IET attunements. Then, in support of your living your reach, you will receive six Basic, six Intermediate, and six Advanced re-attunements designed to open and strengthen your channels of manifestations. We call it our IET Energy Fun Fest! If teaching is one of your gifts, this class provides you with agendas, guidelines, and suggestions for teaching and certifies you to teach the Basic, Intermediate, Advanced, Pets, Kids and Healing Angels IET classes. Furthermore, you will receive a special Master Instructor Level "energy attunement" that will further open your energy field to the power of the Integrated Master Instructor Level ray.
